REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: None of the prior art taught or suggested an apparatus as claimed where an elevator is employed to move the lc panels between the injecting apparatus and sealing apparatus. The current claim 18 is substantially the same as old claim 1, however it has been recognized that the elevator of the prior art was within the injecting apparatus, not between the injecting apparatus and sealing apparatus as the elevators in the cited prior art moved the panels to the liquid, and hence were integrally part of the injection stage, and therefore conveying from one apparatus to another.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
